

Need Help around the House?

Hire a caregiver (using Medicaid) to help you with cleaning, cooking, shopping, bathing, grooming, and other personal care tasks.

Choose your own caregiver!

Choose from our list of caregivers, or hire a friend or relative (except spouse). Remain independent in your own home, on your own terms.

Part-Time Caregivers Needed!

Caregivers work directly for a person who needs help with household and personal care tasks.

Caregivers make a BIG difference in the lives of the people they work for, allowing them to live independently in their own homes.

Caregivers do not need any prior experience, and the work hours are flexible. Apply in person at our office.
